

TANGRAM SMART

Are You "Tangram Smart?"

A Fast-Paced Object-Building Game for Kids and Adults Alike!

Are you "tangram smart?" Using the famous seven-piece Chinese puzzle, players race against each other to reproduce animals, objects, and numbers from a flipchart. The first player to finish yells "Tangram Smart!" Other players check for accuracy and completeness. The entire family will enjoy racing to "Tangram Smart" as they improve their ability to recognize common shapes in everyday objects while using *EduStic Tangram tiles**. Players will also improve their linguistic skills as they read the English, Spanish, French, and Cantonese/Mandarin terms for each pattern on the cards.

As players move through the objects on the flipchart, they will increase math confidence, geometric aptitude, critical thinking ability, and learn four languages, all at the same time!

Ages 5 and up | 1 to 3 players

**EduStic's unique material sticks to any glossy surface, including windows, refrigerators, white boards, tile, and laminated paper. This allows for game play in unlimited locations!*

Some Places to Play

Dry Erase Boards

Mirrors

Windows

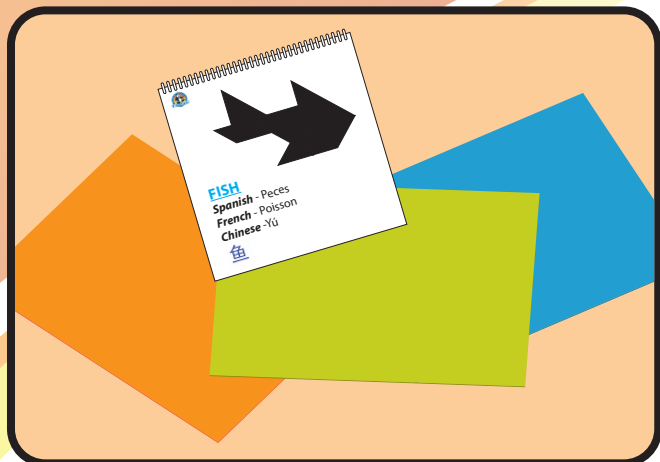

Refrigerators

Press and Stick to Any Clean Glossy Surface!

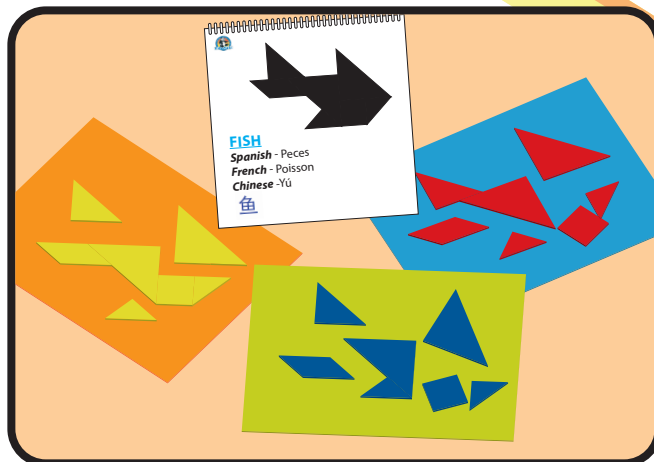

To Play:

TANGRAM SMART

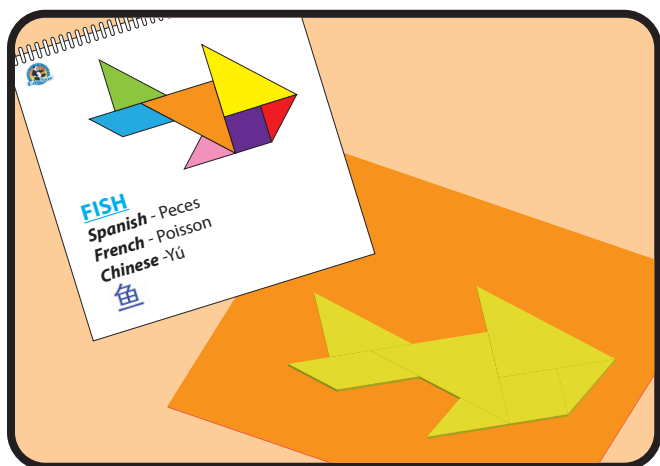

1 Study

Study the object on the flipchart.
